- Information collection

Housing Coalition

- Campbell River and surrounds
- Implementation & action

Mission

The Campbell River
Coalition to End
Homelessness works
as a collective to plan,
coordinate,
recommend and
implement community
responses to
homelessness

Our Values

& Operating Principles

Members and advisors of the Coalition agree to put aside the respective goals for their individual society, agency or association and wholeheartedly commit to collaborating on the priority needs of people who are homeless or at risk of being homeless.

A group of approximately 15-20 people are seated at long, light-colored tables arranged in a U-shape in a well-lit room. Large windows in the background offer a view of a blue lake and a forested shoreline. The room has a carpeted floor and recessed ceiling lights. The people are dressed in business casual attire, and some are looking towards the front of the room, suggesting a presentation or meeting. A projector screen is visible in the foreground on the right.

Our Next Steps

- Build member and advisory group
- Fund Coordinator
 - Homelessness Prevention Strategy opens in the Fall
 - There could also be a role for SRD and City of Campbell River in helping to support this work
- Explore project and funding opportunities (National Housing Strategy; BC Housing initiatives, including the Rapid Response to Homelessness funding; UBCM housing and poverty reduction grants)
- Implement, where appropriate, projects identified in the Regional Housing Needs Assessment (not yet released)
- Build a 5 year strategic plan

How the SRD can be an active player

- Direct SRD staff to open a dialogue with The Coalition to consider innovative ways to leverage federal and provincial funds, including investigating a housing service and/or referendum
- Appoint advisory member(s)
- Assist in supporting a part time coordinator position through grant applications or funding
- Help us achieve momentum through continuing to be an active participant
