RE: Vital Conversation Sponsorship

To the Strathcona Regional District board,

It is with my most sincere thanks that I submit this letter to you. As we have all seen, the Vital Conversation on Housing Security was a meaningful event that made a difference in our community. I continue to hear feedback from organizations who are accessing and utilizing the resources we brought to our community at this event. Further, I continue to hear positive feedback from our community members regarding the content at the event. This is a sign of success, it is what any event and host can hope for, and we have you to thank for it.

Because of your sponsorship totalling \$3900 and support in this event the Community Foundation can continue to pursue making a difference in the community in not only housing, but in many sectors.

Thank you for your close attention and continued support of the Foundation.

Sincerely,

Michaela Arruda  
Executive Director  
Campbell River Community Foundation
