KYUQUOT / CHECLESEHT
FIRST NATIONS

To Strathcona Regional District Board of Directors

The Ka:'yu:'k't'h'/Che:k'tles7et'h' First Nations is requesting a letter of support from the Strathcona Regional District for our application to the community boat program. Our deadline to submit an application is November 30th, 2023.

The vessel that Ka:'yu:'k't'h'/Che:k'tles7et'h' First Nations will be seeking to acquire will be a 24ft open concept Rigid-hulled inflatable boat with work space at the bow and the ability to beach and recover people over the bow of the vessel. The vision is that this vessel will enhance our response capability and diversify the tools available to support emergencies in Kyuquot Sound. This vessel could also support firefighting efforts in the future as we build that capability. The Coast Guard Auxiliary is supportive of our application.

Should you have any questions please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'Colin Mathie'.

Colin Mathie

Director of Safety and Emergency Management
