

New boardroom:

Our first meeting in the new boardroom will be our August 14th meeting. The space will appear complete prior to that but we are waiting on some technical infrastructure before the space will be ready to use.

Currently the official opening of the space is scheduled for Wednesday Aug 13th from 3-5pm. Staff have contacted First Nations representatives in hopes of having their participation. They are also working on invitations to key stakeholders to attend.

After our official opening on August 13th my husband Dan and myself would like to invite all of the Directors and Senior Staff to our home for a Summer BBQ. Burgers, salads, BYOB. We hope you can all attend and if you have any dietary restrictions please feel free to let us know.

UBCM meetings:

Please watch for an email next week from Ms. Smith. She will be sending out a survey and asking Directors to indicate their top picks for Regional initiative so we can secure meetings.

Electoral Areas please get your requests to Edith as soon as possible so she can secure your meetings and get any advocacy packages ready.

As we are starting to go into our summer schedule with meetings only once a month, you will notice that the agenda is full. I'm asking Directors to please keep their comments and questions concise and as short as possible so we can move through the agenda efficiently.

Move Chair report:
