Hi Robin,

I want to send my sincere thanks and gratitude to the entire team at the Rod Brind'amour Arena. Everyone we dealt with on Monday in Campbell River was so kind and helpful, and the staff's assistance made for a great broadcast from Campbell River. A couple of the maintenance crew gave me a tour of the complex, and I was in awe of the facility and how much everyone seemed to be enjoying it. We've had some really positive feedback from the community following Monday's broadcast and I hope we put a positive light on the arena and the community.

From all of us at CHEK, thanks again for being such great hosts.

JP
